

RESEARCH APPLICATION FLOW DIAGRAM

* NIH grants should be submitted to Venita Lowe (ext. 5800, on-campus representative for CWRU). You will need to seek R&D Committee approval after the grant has been funded.

❖ Gail Burns, Director of Research & Education Foundation, ext.6723.

⌘ If your study involves a drug, then you will need to submit the protocol separately to the P&T Committee for approval

☞ Once the R&D Committee has approved a VACO Application, Jaclyn Blume, AO, will forward it to Central Office.

⌘ This is not inclusive of the Radiation Safety Committee or the Institutional Biosafety Committee

§ **You can only begin your study if you have: a) R&D approval, b) Safety approvals, and approvals from the IRB and IACUC, if applicable. If a company sponsors your study, a fully executed contract between the sponsor and the Research Foundation must be in place.**
